

SELF-GUIDED WALKS & ACTIVITIES

Nov. 7-16

Paleo Art | Fossil Cookies | FREE Fossils

- DePauw Nature Park Welcome Center & Paleo Lab, Hours: Sunday-Friday, 11-5PM

FERN CLIFF

W County Rd 375 S, Greencastle, IN 46135

Fern Cliff stone was used to make the first green Coca-Cola bottles! The true source of the color has always been a mystery, but fossils and iron likely played a role.

This 300-million-year-old sandstone was mined to make the classic glass bottles over 100 years ago.

Step back into time where ancient history meets modern history at this beautiful Fern Cliff nature preserve.

GUIDED WALKS & ACTIVITIES

Sign Up HERE!!
